

MAKING SURE NORTHAMPTON COUNTY CHILDREN ARE READY TO SUCCEED

Access to high-quality pre-k gives all children the opportunity to learn.
But ... 5,775 children ages 3 and 4 in Northampton County don't have access to high-quality pre-k!

84%

of children in the county do not have access to high-quality pre-k

9%

of children in the county have access to publicly funded high-quality pre-k

There are 6,861 children ages 3 and 4 in Northampton County.

Of those children, 3,684 or 54% live in families below 300% poverty.

Despite its benefits, far too many families cannot afford to enroll their kids in high-quality pre-k and often resort to programs that lack elements essential to their child's success.

HIGH-QUALITY PRE-K WORKS!

The percentage of 4-year-olds in 2012-13 with **proficient academic and social skills:**

more than tripled
 from 22 percent
to 82 percent
 after participating
 in PA Pre-K Counts

increased more than six-fold
 from 12 percent
to 76 percent
 after participating
 in Head Start Supplemental

Education investment must start early, before the achievement gap is too wide and very costly to overcome.
